CLEAN COPY OF CLAIM MAILED ON AUGUST 1, 2002

b1 b2 c1 8. (Amended) A special tile created from a basic tile according to the procedure for the manufacture of a special tile defined in claim 1, wherein said special tile includes a front surface with a decoration and a finish determined in the basic tile manufacture's plant, and at least one chamfered, beveled or rounded edge, which defines the worked profile, preferably with a 'bird's beak', cold painted with a painting product to obtain a surface finish which is generally similar to or coordinated with the decoration and the finishing on the front surface.
